Don't Be Fooled!

then the wild West wind will blow through your whiskers and play hide and seek up and down your spinal column. Don't think you are going to be allowed to wear your summer suit and your linen duster all winter, for the "goose boue" has spoken! We place in stock today 300 more of those elegant Drap Kersey coats, with and without satin-lining-the handsomest and eheapest Overcoat in town. Call early, as we expect a rush. We have also made up another line of Cutaway, Frock and Suck Suits, in handsome patterns, which are to be sold at a very popular price, with a gnarantee attached. Our stock is very complete, and includes Suits and Overcoats from the cheapest to the

"Old Reliable" Clothiers

S. F. COR. THIRD AND MARKET STS., LOUISVILLE, KY.

The Cenuty Press.

If, in its discussion of public questions, Home and Farm has had any influence out the farming commanity. It must be evident to our readers that the political reforms required to preserve to the farmers themselvan birst share of the products will come uot so much from the success of one party or the other, as from a more intelligent conception of the difficulties will have been to dead, and a belief that these difficulties can only her the present the support of the contract of the cont

the dark in regard to many questions, and only observations and expressions will be a supposed to such collighten us.

One of the helps to such collightenment in found in the country press. The country userspare hould be the chief eily of the agriculturist. If it is not so, it is because existing the press nor the farmer on decreand their relations to each ownerspare in all that it should be, but we heliver that it is all that it can well be when we consider that support which it receives. The reply is that if it were better it would receive more material support from the farmers. But suppose the farmers them called the support in advance and see what the result will be apout the uswapper, in many consults throughout the South and went will be apout the uswapper. In many consults throughout the South and went will be apout the uswapper. In many consults throughout the South and went he most effective exponential and will be the country paper, a credit to the man who makes it and to the men who support it. These newspapers can be multiplied many times and their influence upon public affairs will increase to just proportion as their support increases on their condition improves.

We trust, therefore, that our readers will

fules will increase in just proportion as their support increases and their condition improves.

We trust, therefore, that our readers will see to it that the country press has better support in the future than it has had in the past. We are glad slways to reserve the support of the future than it has had in the past. We are glad slways to reserve the support of the future than it has had in the past. We are glad slways to reserve the support of the su

GREGORY & CO.,

Pine & Poplar Shingles Brick, Plow Handles, Plos Flooring al-wers kept on hand. Orders ac-companied by cash prompt-ly filled.

The Louisvitto Market.

The feature of the maket this week have been a general strengthening in price and brisker competition all along the line, except perhaps, on the commonest or for lugs and trush end funked common leaf. The fine grades of Barriey lead have been active, strong and high. As Sholly county hopshead packed by W. R. Goff & Seu, sold at the Enterprise ware-house on Thursday for \$85.00 (he has breaking the high price record action, as stated in unother column; and active the house on Thursday for \$85.00 (he has breaking the high price record action, as stated in unother column; an archive has been in better thange than for a month or six weeks. A very encouraging feature in the improvement of sound, sweet, common and medium Barley leaf. To baccoo thet have recently been selling at from \$6 to \$10, we think, have advanced \$1 to \$2 per bundred. It is being recongised that these goods will be in demand before the winter is over at prices considerably in advance of those prevailing recently.

The only grades of Burley that are yet badly sugfered and Expendituly if our of order. The demand seems to be much unor fastilious about the order and coordition of the tobacco than the grade to which it belongs.

The importance of this calipiest was brought to naird in a way long to be remembered, by the statement of Pral. Scorel, that the probable purchases of fertilizers be Kentucky farmers amounts in \$700 000 a your, and obst probably therefore the first probable of the plained that by wasted be meant that the plained that by wasted be meant that the parent, as a mass, do not know what they need, and do not core what they need, and do not core what they got too may need introgen such bodys putchings, amenuits, and still autober may need but a single lers geneive ingredient to add to his soil to make it rich, and he had a such as a complete fertilizer at count-levable cost. No natter what the mistake made, if the farmer he a tolose observer, he will

Why Joh Printing Is Neressary, There is nothing which add more dignity to a firm or business than neally pristed hill back, letter head, envelopes, etc. On the very face ul time confidence is assured in the follest term. A neally printed letter head in a recommendation and introduction of the firm's business with the firm to whom writing. An order for goods written on a blank theel of paper does not bring the desired meed as last as an order writine on a printed sheet. From the fact that the sheet is printed, the firm receiving it tilake as once that that man has push and energy, and does business on the right kind of principles. Printer's ink will tell anywhere and as any man. No firm can acceed without it. Franted paper goes a long ways—Ex
